

# UC Berkeley Summer Sessions 2023 with UIC Barcelona

International Relations Service

Updated July 2022

UIC Barcelona students selected for this programme will participate in the Summer Sessions organised by UC Berkeley, and will also have the chance to:

- **Apply for a grant** from UIC Barcelona
- **Transfer credits** to their UIC Barcelona degree programme<sup>1</sup>

After finishing the Summer Sessions, students will receive an official Berkeley academic transcript, and the credits will be transferred to their UIC Barcelona degree programme.

UIC Barcelona will offer **three grants of €2,000** that will cover approximately 50% of the Berkeley enrolment fees, depending on the number of credits the student wishes to complete. Students will cover the remaining costs themselves, including the rest of the enrolment fees, accommodation, travel, visa and food.

Find more information about the Berkeley Summer Sessions [here](#).

## Important

Students can participate in the programme with or without the grant, and in both cases credit transfer is possible (please see footnote 1). However, it is always obligatory to pass the selection process outlined in this call. The grants will be awarded to the call's three best applicants.

## Who can apply in this call?

All students enrolled in official studies at UIC Barcelona, who have completed, or are currently on their second year of bachelor's degree studies<sup>2</sup>.

If the student is studying two degree programmes at the same time (e.g. Business and Law), they will need to apply as students of one of them, depending on which degree they will apply for credit transfer.

## What are the requirements for participating in the programme?

1. Good academic records (recommended: minimum average 7/10)<sup>3</sup>.
2. During the application process, the student must be at least in the second year of their bachelor's degree, or at most in their final year of study.
3. A certified level of at least B2 of English, according to Berkeley's requirements: see [here](#).

---

<sup>1</sup> Credit transfer not possible in Medicine, Nursing or Physiotherapy. It is also not possible if the student goes to Berkeley after their final year of studies.

<sup>2</sup> Master's degree students may apply, but bachelor's degree students will be given priority for the grant. Generally, there is no credit recognition for master's degree programmes.

<sup>3</sup> If the student is studying on a double degree, we will take into account the highest average, as long as the student has completed at least 30 ECTS in this degree programme.
