

## Grant Application

# Revision of research texts in a third language (English, French, German or Italian)<sup>1</sup>

## January-June 2019 call

The Third Languages Office offers grants of up to €400 to cover the cost of revising research texts in a third language (English, German, French or Italian). These grants are intended for full-time or exclusive teaching or research staff members.

The party concerned must complete the following form and send it **by e-mail**, along with the required documents, before **30 June 2019** to [multiling@uic.cat](mailto:multiling@uic.cat).

Applications will be handled in the order in which they are received. Submittal does not imply the awarding of the grant, as the grants are subject to budgetary availability and the priorities of the University. These grants are subject to a **maximum of €400 per article, book or research project submitted to competitive call as a PI (funds may be awarded for several different revisions of the same document, provided that the sum of all the revisions does not exceed the maximum set out per document)**. The final decision regarding the applications will be made once the call is over, and the author of the publication that submits the application will be considered the beneficiary.

- ERIH Int.

The name and quartile of the journal are:

## Grant Application

In the case of articles sent to non-indexed journals, indicate the name of the journal:

In the case of books or book chapters, indicate the full bibliographic reference:

In the case of research projects as a PI, provide the details of the call:

In the case of texts for congresses, indicate the name of the congress:

- The authors have been awarded no grant, neither internal (from UIC Barcelona) nor external (as part of a project or a grant, for example), for the same concept (revision).
- The text has been submitted to a journal, publisher, congress or research call, proof of which has been attached.
- The date the article was accepted for publication or the revisers notified that publication is contingent on major or minor review is within the start and end dates of the call.

**The invoice for revision services must include:**

- The term “revision” or similar.
- The title of the text.
- The total number of words and/or hours and the cost per word and/or hour.
- The name of the person who has signed this application, who has paid the cost of the revision and who appears as author or co-author of the article. Invoices issued to UIC Barcelona will not be accepted.

---

### Attached documents:

- Proof that the text has been accepted for publication or that acceptance is contingent on major or minor revisions, the publisher, congress or call.
  - Invoice for revision services.
  - Proof of payment of the revision services.
