**REASONS TO STUDY
THIS DEGREE AT
UIC BARCELONA:**

International perspective

Experience a global education through Erasmus programmes, the Summer School at Berkeley, or exchange agreements with universities worldwide. Choose from 4 international double degrees.

Academic excellence

Benefit from programs like B-Excellent and IESE Management UIC, designed to enhance your career and leadership skills in the business world.

Educational innovation

Learn through COIL methodology, challenge-based learning, Case Method, LEGO® Serious Play, and courses on Artificial Intelligence that prepare you for the future.

Entrepreneurial focus

Unlock your entrepreneurial potential through challenges like the Startup Pioneer Program.

Personalized mentorship

Enjoy the guidance of a mentor who will accompany you throughout your degree, helping you design your academic and professional journey.

HOLISTIC EDUCATION

PROFESSIONAL MENTORS

TO INFORM AND GUIDE YOU: MENTORING SUPPORT

PERSONAL, VOLUNTARY AND UNIVERSITY-BASED

ACADEMIC, PROFESSIONAL AND PERSONAL AREAS (HABITS, SKILLS, ATTITUDES AND VALUES)

Boost Your Talent is UIC Barcelona's personal development and mentoring programme, designed to support you throughout your growth during your studies.

The goal is to help you better understand your skills, identify your strengths and areas for improvement, and certify them once you graduate.

With this programme, you will have the support of a personal mentor who will accompany you throughout your journey to enhance your talent and make the most of your potential.

ACADEMIC EXCELLENCE

Awards for the top 20 students leading the academic ranking (7+), who are offered participation in two programmes to boost their career and business leadership

B-EXCELLENT

An initiative designed to prepare university students and help them become the business leaders of the future.

The programme offers a real insight into business life and what the professional world is like.

A company (Alvalle, Lindt, Adevinta, Vallformosa...) presents a real challenge and a real business case, and students work together with the company to propose a solution.

This edition, for example, begins with a visit to the Simón Coll factory, and the remaining sessions are dynamic, with consultancy-style work that allows students to gain hands-on experience.

IESE MGMT WEEK

A full-time academic week, Monday to Friday, 8:30 a.m. to 5:00 p.m., at IESE Business School.

Students work on Business Cases in sessions with IESE MBA management professors.

Different management areas are covered: sales management, people management, entrepreneurship, finance, operations, general management, etc., through the case method and theoretical sessions.

Taught in English. It counts as an elective course worth 3 ECTS.

ENTREPRENEURIAL FOCUS

STARTUP PIONEER PROGRAM

A cross-cutting activity open to the entire UIC Barcelona community, enabling students to promote an idea for a business project or a social impact project.

Driven by the **Vice-Rectorate for Students and Sustainability**, the **Vice-Rectorate for Research, Innovation and Knowledge Transfer (VRIT)**, UIC BCN - Faculty of Economics and Social Sciences and the Alumni Department.

The programme consists of developing entrepreneurial projects—either for-profit or non-profit—by a diverse group of students.

“These four years studying Business Administration have exceeded my expectations. Since my second year, I’ve been able to complete internships at companies, which has allowed me to apply what I’ve learned and gain a real insight into the professional world. I’ve also taken part in numerous activities that connect you directly with the business environment, such as the Career Forum and the practical case studies we work on in class.

The teaching approach is highly hands-on and grounded in real-world practice, and that makes a big difference. Now, on the verge of graduating, I feel I’m leaving well prepared—with a network of contacts and experiences I never would have imagined when I started.”

Audit Manager EY

"UIC Barcelona gave me one of the best times of my life. At UIC Barcelona, I had the opportunity to engage in many extracurricular activities, attend the Academic Excellence Program, participate in the debate team, take part in the Business Case Competition organised by IESE Business School, and even study at Berkeley during the summer.

I believe UIC Barcelona instilled in me many positive values that have helped me grow both professionally and personally, such as perseverance, effort, continuous improvement, and the importance of teamwork."

“UIC Barcelona is one of the few universities that offers the opportunity to combine two areas that at first glance may seem very different from each other, but that in practice, are not so different.

From my personal experience, I would highlight UIC Barcelona’s commitment to faculty-student closeness.

I would highly recommend this double degree programme because of the experience it gives you, and the professional differentiation it confers.”

ABOUT UIC BARCELONA

Since 1997, we have been committed to making a positive impact on society.

Our mission is to educate individuals who contribute to humanising the transformation of society through professional excellence, the pursuit of impact, integrity and social commitment. We offer 16 bachelor's degrees, 11 double degrees, 52 international double degree programmes, 4 doctoral programmes and more than 70 master's degrees and postgraduate courses to a community of 9,400 students.

We have eight faculties located across two campuses in Barcelona and Sant Cugat del Vallès.

We believe in lifelong learning and provide personalised

guidance, a holistic, student-centred approach, ongoing professional engagement and innovative teaching and research methods.

We are strongly international in character, with people from more than one hundred nationalities living and studying on our campuses.

We are connected to society and the business world through 14 chairs, four business classrooms, six research institutes and three university clinics.

WE ARE A HUMANISTIC, SUSTAINABLE, INNOVATIVE AND GLOBAL UNIVERSITY AND APPEAR IN THE TOP NATIONAL AND INTERNATIONAL RANKINGS.

RATING

RANKINGS

FIND ABOUT ALL OUR RANKINGS

UNIVERSITY LIFE

Experience the best university experience at UIC Barcelona.

Studying at UIC Barcelona involves all-round personal growth. We promote solidarity, culture and sporting values.

Pre-enrollment and documentation:
uic.es/doc

Accommodation:
uic.es/accomm

STUDENT SERVICES

We ease your transition into the university system and offer support throughout your academic journey.

We will help you with everything related to university life: **accommodation, grants and financial aid, educational support, workshops and extracurricular activities, student ID cards and more.**

We will provide advice about student halls, residences and other options that suit your needs. We are also part of **Barcelona University Centre (BCU)**, the official reception service for those coming to study or conduct research in Barcelona.

As a student at UIC Barcelona, you can take part in a variety of activities that complement your classes and enhance your personal and professional development such as: **theatre, painting, choir, reading, debate, exhibitions or competitions**, which will help you take your creativity to the next level and develop your **soft skills**, highly valued among employers.

We also offer sports activities and special rates and discounts at external facilities. Our teams compete in interuniversity leagues and competitions at Catalan, Spanish and international level.

In addition to this, the **Sport Talent programme** enables high-performance athletes to combine professional sport with their university studies and apply for a grant.

You can take part in solidarity projects and experiences that will change your life and the lives of others. We organise solidarity events such as **Social Day**, local volunteering initiatives and international volunteer programmes during the summer, offering you the chance to have a transformative experience.

INTERNATIONAL EXPERIENCE

UIC Barcelona's international commitment is embedded in our identity and across all our activities.

We are open to the world, which is reflected in our extensive network of international agreements and mobility programmes for students, teaching staff, researchers and administrative and service staff.

We offer around fifty international double degree programmes.

People from over one hundred nationalities live and study on both campuses, providing a cultural richness and diversity that form an integral part of the students' education and learning.

MENTORING & COACHING

Boost Your Talent is UIC Barcelona's personal development and mentoring programme, designed to support your growth throughout your studies.

Its aim is to help you understand your competences, identify your strengths and areas for improvement and certify these skills once you complete your degree.

Through this programme, you will receive guidance from a personal mentor who will accompany you in nurturing your talent and maximising your potential.

Furthermore, if after your bachelor's degree you choose to pursue a master's or postgraduate degree at the University, you will also have access to a coaching process to help you plan your next steps.

CHAPLAINCY

The Chaplaincy Service offers a space for **reflection, dialogue and spiritual growth** and organises activities open to the entire university community.

LINGUISTIC SERVICES

At UIC Barcelona, you may study multiple languages, both on-site and online, and certify your level of Catalan through official examinations. You may also take part in language support and welcome activities.

ALUMNI AND CAREERS

Once you have completed your studies, you will become part of Alumni UIC Barcelona, an international community of **more than 30,000 people**.

At UIC Barcelona, we believe that being a university student is a way of living and seeing the world, and through **Alumni, these values will continue to be part of your life.**

Our goal is to foster lifelong learning and professional development and to maintain strong connections with the community through networking and reunions.

Through the Careers Service, we offer a **comprehensive guidance service that enhances the employability** of both current students and alums. This includes a Job Bank, a mentoring programme and a professional guidance service, among many other resources and activities.

Discover all the activities and services at **alumni.uic.es**
