AGREEMENTS

"I believe that UIC Barcelona offers many advantages, very high quality teaching staff and facilities, and in addition, is constantly innovating and reinventing itself. It deals with each student in a very personalised way and enables us, through work with modern scientific articles, to be critical and really learn about the profession today. You also grow a lot through the work practice, both because of the volume and the high-quality, in preclinic and in the University Dental Clinic."

RESOURCES AND FACILITIES

The Faculty of Dentistry of UIC Barcelona is a leader in Spain in digitalisation, with the latest generation of digital equipment. It is a benchmark for high quality in teaching and research, with a focus on training students how to manage new technologies, CAD-CAM and 3D.

The Faculty continues to acquire new digital printing devices and software for diagnosing and designing prostheses and dental aligners.

The Faculty of Dentistry also includes the University Dental Clinic (CUO), where students can complete their practical work experience.

With the current expansion project to improve material resources, we have the following facilities at the Sant Cugat campus:

— The UIC Barcelona University Dental Clinic has 88 dental booths, all of which are equipped with the most cutting-edge technology:

- 68 general booths
- 4 booths adapted for patients with special needs
- 16 booths for surgery
- Conscious sedation booths
- Agreement with the Hospital Universitari General de Catalunya (HUGC Quirón) to treat patients with general anaesthesia

— New simulation classroom and new technology:

- OXO Core with software (OXO Fit and OXO Jaw)
- Allisone software licence
- PrepCheck software license
- 3D printers
- Digital Aixograph including proAXIS, ProArc, ProStand, SDiMatrix Studio, Prosthetic Module, SDI Module (SDI Matrix)
- 1 curing lamp
- New guided surgery system
- Interactive screen
- Z4 Computers
- 3D mice
- Intraoral scanner
- Simulators

— A pioneer in digital dentistry, the Faculty has an exclusive laboratory for CAD/CAM technology, among others. Available equipment in this laboratory includes:

- Milling machines
- Intraoral scanners (3Shape, Cerec Omnicam, PrimeScan, Itero, Carestream, Medit, Shining)
- 3D printers
- Design programs (Exocad, 3Shape, Cerec, Exoplan, Geomagic, BlueSky)
- Ceramic furnace
- Zirconia sintering furnace
- CBCT and iCat
- Teckscan
- Z4 Laptops
- Z4 Computers

— The clinic has two prosthetics laboratories with the latest digital imaging technology, which allows students to practice the latest techniques in all areas of dentistry.

— We have 6 laboratories, one of which is focused dentistry research.

— We have 8 high resolution microscopes.

— The pre-clinical laboratory is a technological lab fitted with 95 dental simulators with phantom head model tools that simulate oral cavities, and X-ray and digital radiology equipment for practising dentistry using Simodont virtual reality simulators. (This step introduces virtual reality into the student's pre-clinical practicums, enhancing their learning experience. It is also a great tool as a new teaching methodology and a step forward in innovation and improvement in student training.) This new laboratory allows students to practise real-life dentistry before they work with patients.

— Dental treatments can also be transmitted live.

— Computerised storage room for delivering and collecting material.

— Sterilisation service for medical tools and equipment. Steam and plasma sterilization.

**ALL RESOURCES
ARE UP-TO-DATE,
AND THE UNIVERSITY
HAS AGREEMENTS WITH
DIFFERENT COMPANIES IN
THE SECTOR, FOSTERING THE
RELATIONSHIP BETWEEN
INDUSTRY, UNIVERSITIES,
AND R+D+I.**

— The technology available to our students helps them to gain awareness of the daily reality of a clinic and prepares them in all the theoretical and practical aspects of working in a clinic safely and professionally.

— We have a dental management software for managing patients and students.

WORK PLACEMENT AGREEMENTS

As well as work experience completed in the University Dental Clinic (CUO) from second year onwards, students have the opportunity to learn about real situations by doing dentistry curricular work placements in the following institutions:

- Prodis Foundation - Prodiscapacitats Fundació Privada Terrassenca
- Terrassa Health Consortium
- Catalan Health Institute
- Official Society of Ophthalmologists and Stomatologists of Catalonia
- Catalonia Foundation

The objective of our agreements is to train students in an awareness of social responsibility toward the groups most in need or at risk of social exclusion.

We also hold agreements with SJD Barcelona Children's Hospital, the General University Hospital of Catalonia, the Children's Hospital Foundation of Barcelona and the Maxillofacial Institute.

The Faculty also encourages extracurricular work placement agreements to facilitate the incorporation of students into the professional world.

ABOUT UIC BARCELONA

**Since 1997,
we have been committed
to impacting society.**

Our mission is to train people who contribute to humanising the transformation of society through professional excellence, the pursuit of impact, integrity and social commitment.

We offer 16 bachelor's degrees, 45 international double degrees and more than 70 master's and postgraduate courses to a community of around 9,000 students.

**We have eight faculties
located on two campuses,
in Barcelona and
Sant Cugat del Vallès.**

We believe in lifelong learning, offering a personalised service, a comprehensive approach focused on each

student, continuous professional connection and innovation in teaching and research methods.

We have a strong international character, and our campuses are home to people from over a hundred different nationalities.

We are connected to society and businesses through fifteen chairs and five business classrooms, five research institutes and three university clinics.

UNIVERSITARY LIFE

Experience the best
university experience
at UIC Barcelona.

Studying at UIC Barcelona
involves all-round
personal growth.

We promote solidarity,
culture and sporting values.

STUDENT SERVICES

At Student Services, we facilitate students' integration into the university system.

We will provide you with information about extracurricular activities, grants, your university student card, etc.

If you need accommodation during your time at the university, the Student Service team will guide you on student residences, accommodation and other services, depending on your needs. We are part of the Barcelona Centre Universitari (BCU), the official welcome and guidance service for the students and university teachers and researchers who come to Barcelona. On the BCU's website you will find information about all kinds of accommodation in Barcelona and the surrounding area.

At Student Services, we will try to answer your questions and encourage you to take part in as many activities as possible.

At UIC Barcelona we promote and organise sports activities and competitions, and we provide discounts and special offers to help you access sports facilities to keep you in shape and live healthier lives. We also have the **Sport Talent programme**, so that top-level athletes can combine professional sport with their university studies.

You can take an active part in **#UICSocialDay** a day on which the whole University comes together to help those most in need. You can also form part of theatre, painting and music groups, which foster **the cultural side of UIC Barcelona and help you acquire more skills and values.**

AN INTERNATIONAL EXPERIENCE

UIC Barcelona's international commitment is evident in the very name of our University, and encompasses every single one of our activities. We are open to the world, which is clear from our wide range of international agreements and mobility programmes for students, teaching staff and researchers.

We have around forty international double degrees.

At UIC Barcelona, English is the vehicular language on some degree programmes, and you will have the chance to partake in many activities with the international community.

MENTORING AND COACHING

Boost Your Talent is the personal development and mentoring programme of UIC Barcelona, designed to accompany you in your growth during your studies.

The goal is to help you better understand your skills, identify your strengths and areas of improvement, and be able to certify them once you have finished the degree.

With this programme, you will have the support of a personal mentor who will accompany you on your journey to maximise your talent and harness your full potential.

Furthermore, if at the end of your studies you decide to continue with a master's or postgraduate degree at the University, you can benefit from a coaching process to help you define your next steps.

CHAPLAINCY

The chaplaincy offers a space for **reflection, dialogue and transcendence** where activities open to the entire university community are held.

LINGUISTIC SERVICES

At UIC Barcelona you have the opportunity to study several languages, both face-to-face and online, and you can accredit your level of Catalan with official certificates, as well as take part in welcome and language promotion activities.

ALUMNI AND CAREERS

Once you have completed a diploma, degree, postgraduate, clinical residency, master's degree or doctorate at UIC Barcelona, you will become part of **Alumni, an international community of over 28,000 people.**

At UIC Barcelona, we believe that being a university student is a way of life and a way of seeing the world, and **at Alumni, these values continue to be part of your life.** Our aim is to promote training and professional guidance and maintain the link with the community through reunion activities.

The Careers Service offers you a **comprehensive advice service for job placement** aimed at students and alums.
