*"I believe that UIC Barcelona offers many advantages, very high quality teaching staff and facilities, and in addition, is constantly innovating and reinventing itself. It deals with each student in a very personalised way and enables us, through work with modern scientific articles, to be critical and really learn about the profession today. You also grow a lot through the work practice, both because of the volume and the high-quality, in preclinic and in the University Dental Clinic."*

Bachelor's  
Degree in  
Dentistry  
Alumni

We aim to train people to become professionals who are capable of tackling the prevention, treatment and rehabilitation of oral and dental diseases based on good criteria and skill.

The solid academic education we provide is complemented by intensive practical sessions in the University Dental Clinic. We are located on the university's Sant Cugat Campus, with a total area of more than 40,000 m<sup>2</sup>. We provide a fantastic environment in which to put into practice all your talent and the knowledge you have acquired.

Through this degree programme you will become a professional who is capable of applying scientific knowledge and the technical skills acquired to the diagnosis, treatment and rehabilitation of oral and dental diseases.

## RESOURCES AND FACILITIES

At the Universitat Internacional de Catalunya we believe that clinical practice with patients is fundamental in training high level professionals. Our programmes are different from others because students do their practices with patients, and for this reason, the Faculty has state-of-the-art digital equipment field of digitalisation.

### **Currently and after the implementation of the extension project to improve material resources, we have the following facilities on our Sant Cugat campus:**

— The UIC Barcelona University Dental Clinic has 88 dental booths, all of which are equipped with the most cutting-edge technology.

- 88 general booths
- 4 booths that are adapted for special-needs patients
- 16 booths for surgery
- Conscious sedation booths
- Agreement with the Hospital Universitari General de Catalunya (HUGC Quirón) to treat patients with general anaesthesia.

— In the 2021-2022 academic year, more than 75,000 visits were conducted. The Clinic has two prosthetics laboratories with the latest digital imaging technology, in which students can practice the latest techniques in all areas of dentistry.

— Pioneers in digital dentistry, the Faculty has opted for digitisation, and among other facilities, has a laboratory just for CAD CAM technology. The equipment available in this laboratory includes:

- Four milling machines:
- Thirteen intraoral scanners (four 3Shape, one 3M, one Cerec Omnicam, two PrimeScan, one Itero, two Carestream, one Medit, one Shinning)
- Three 3D printers
- Design software programs: nine Exocad, eleven 3shape and two Cerec.
- Four Exoplan, one Geomagic, one BlueSky
- One ceramic furnace
- One zirconia sintering furnace.
- 2 cbct and 1 iCat
- One Teckscan
- One SDI Matrix

— Eight Zeiss Extaro and Zemax OMS 2360 high-resolution microscopes.

— We have six laboratories, one of which is dedicated to dental research.

— The preclinical laboratory, a technological laboratory, has 95 dental simulators, equipped with phantoms, which are tools that simulate the oral cavity, as well as X-ray and digital radiology devices for practicing dentistry on virtual reality simulator with 2 Simodont units (this step introduces virtual reality in the preclinical student practices, and helps them improve their training, and it is also a great tool as a new teaching methodology. One step further in innovation and improving student education). This new laboratory allows students to practice real-life-like dentistry before they practice on patients.

— All dental equipment is fitted with intraoral radiology for additional testing. The centre has two diagnostic imaging rooms for panoramic dental X-rays with two CBCT. 3D iCat imaging machines

— Digital technology and implant-prosthetic planning programs allow students to learn and work with the latest technologies from day one. We have a design room with 14 computers (CAD) and a new CAM lab (milling machines, printers) for student training.

— Option to stream dentistry treatment live.

— Electronic storage for delivering and collecting material.

— Sterilisation service for used tools and equipment. Steam and plasma sterilisation.

**ALL THE RESOURCES  
ARE UPDATES AND  
THE UNIVERSITY HAS  
AGREEMENTS WITH  
DIFFERENT INDUSTRIES IN  
THE SECTOR, WHICH SERVE  
TO STRENGTHEN  
THE RELATIONSHIP  
BETWEEN INDUSTRY  
AND UNIVERSITY'S R+D+I .**

The technology available to our students helps them gain awareness of the daily reality at a clinic and prepares them in all theoretical and practical aspects of working at a clinic in the safest and most professional way.

We have dentistry management software to monitor both students and patients.

## WORK PLACEMENT AGREEMENTS

As well as the 1,190 hours undertaken in the CUO from second year onwards, 5th year students have the opportunity to learn about other dentistry situations by doing curricular work placements in the following institutions:

- Fundació Privada i Prodiscapacitats Terrassenca Prodis.
- Terrassa Health Consortium.
- Institut Català de la Salut.
- Col·legi Oficial d'Odontòlegs i Estomatòlegs de Catalunya.
- Fundació Catalonia.

We hold various agreements to promote an awareness of social responsibility among students in terms of the neediest groups or those at risk of social exclusion. We also hold agreements with SJD Barcelona Children's Hospital, the General University Hospital of Catalonia, the Children's Hospital Foundation of Barcelona and Plató Hospital.

**The Faculty also encourages extracurricular work placement agreements in order to facilitate the incorporation of students into the world of work.**

# ABOUT UIC BARCELONA

Since 1997, UIC Barcelona has been teaching students based on a philosophy of academic rigour, enriching university life and fulfilling life experiences. Our academic institution is home to more than 9,000 students. We offer sixteen bachelor's degrees, around thirty international double degrees and a wide range of master's and postgraduate degrees and continuing education courses.

We offer personalised support, a comprehensive approach to each student, strong links to the professional world and innovative teaching and research methods. We hold people at the centre of our mission, in both the personal and professional sense, so that each member of our community can reach their full potential.

We strive to promote knowledge, research and knowledge transfer.

We are connected to society and companies through sixteen chairs, five company-sponsored classrooms, five research institutions and three university clinics.

At our institution, we are driven by rigour and a critical spirit; we strive to grow and better ourselves to have a positive impact on society.

**THE SEARCH FOR EXCELLENCE IS ROOTED IN OUR DNA, AND EFFORT AND DRIVE FOR SELF-IMPROVEMENT ARE OUR CATALYSTS FOR CHANGE.**

This ambition can be found in the people and activities at UIC Barcelona.

at UIC Barcelona.

Studying at UIC Barcelona  
involves all-round  
personal growth.

We promote solidarity,  
culture and sporting values.

## STUDENT SERVICES

At Student Services, we facilitate students' integration into the university system.

**We will provide you with information about extracurricular activities, grants, your university student card, etc.**

If you need accommodation during your time at the university, the Student Service team will guide you on student residences, accommodation and other services, depending on your needs. We are part of the Barcelona Centre Universitari (BCU), the official welcome and guidance service for the students and university teachers and researchers who come to Barcelona. On the BCU's website you will find information about all kinds of accommodation in Barcelona and the surrounding area.

**At Student Services, we will try to answer your questions and encourage you to take part in as many activities as possible.**

At UIC Barcelona we promote and organise sports activities and competitions, and we provide discounts and special offers to help you access sports facilities to keep you in shape and live healthier lives. We also have the **Sport Talent programme**, so that top-level athletes can combine professional sport with their university studies.

You can take an active part in **#UICSocialDay** a day on which the whole University comes together to help those most in need. You can also form part of theatre, painting and music groups, which foster **the cultural side of UIC Barcelona and help you acquire more skills and values.**

## AN INTERNATIONAL EXPERIENCE

UIC Barcelona's international commitment is evident in the very name of our University, and encompasses every single one of our activities. We are open to the world, which is clear from our wide range of international agreements and mobility programmes for students, teaching staff and researchers.

**We offer over 30 international double degrees.**

At UIC Barcelona, English is the vehicular language on some degree programmes, and you will have the chance to partake in many activities with the international community.

## MENTORING AND COACHING

Every undergraduate student at UIC Barcelona has a personal mentor assigned, someone who will help you with your personal and professional development during the whole of your university studies.

When you finish your bachelor's degree you have the option of a coach who will help you manage the end of your studies and help you begin your professional career.

**We aim to provide you with many soft skills by the end of your studies.**

## CHAPLAINCY

The chapel is a place for **reflection, dialogue and gravity**, and it holds activities that are open to the university community as a whole.

## ALUMNI AND CAREERS

Alumni are students who have completed a diploma, undergraduate degree, bachelor's degree, postgraduate degree, clinical residency, master's degree or doctorate at UIC Barcelona.

Being a university student is a way of living and seeing life. **Being a UIC Barcelona alumnus means carrying those values with you wherever you go.**

The UIC Barcelona alumni community has more than 27,000 members. Be part of our community.

UIC Barcelona is connected to the needs of society and companies. For that reason, it complements your academic education **with a comprehensive career guidance service** for both students and graduates.

## LINGUISTIC SERVICES

At UIC Barcelona we offer language courses, you can study up to 24 languages both on campus and online. You can also certify your language level with official exams, and participate in different multilingual welcome activities.
