

University Master's Degree in

LANGUAGE ACQUISITION AND TEACHING ENGLISH AS A FOREIGN LANGUAGE

*This programme equips
you to inspire learners
and thrive in today's
multilingual classrooms*

DR NOELIA NAVARRO

This Master's degree aims to provide advanced teacher training in innovative methodologies and approaches to **language acquisition and teaching English as a Foreign Language (EFL)** to help improve teaching skills and competencies.

It is aimed at future and in-service teachers as well as professionals who want to change their career and join the world of teaching, both in compulsory, vocational, formal and non-formal education and in the business sector. This programme consists of 60 ECTS which include:

- 42 ECTS (Compulsory courses)
- 10 ECTS (School teaching placement, exempt if the candidate proves 10+ years of teaching experience)
- 8 ECTS (Master's dissertation)

REASONS TO STUDY THIS MASTER'S DEGREE:

- An **Official** Master's Degree recognized in E.U. and worldwide.
- School teaching placement at candidate's workplace, place of residence or abroad.
- 100% in **English**.
- **Online** classes via video conferencing or recording.
- Teaching staff formed by **researchers and experts** in their areas.
- Access to **doctorate** studies.

Prospective students

This is the Master's degree for you if you are a pre-primary or primary teacher, a secondary school teacher, if you teach in a non-regulated language school or if you want to change your professional career and join the world of teaching.

Admission criteria

- The minimum required level of English to access this Master's programme is B2+.
- Open to holders of degrees and diplomas in pre-primary and primary education.
- Open to holders of a degree who are involved in teaching at a pre-primary, primary, secondary, or upper-secondary level.
- Open to holders of other degrees who wish to teach English as a Foreign Language.

PROGRAMME DIRECTOR

Dr Noelia Navarro

Programme Coordinator

Natalie Helene Green

OBJECTIVES

- To train English as a foreign language (EFL) teachers to efficiently apply different theoretical models and innovative methodological approaches to the teaching, learning and acquisition of EFL processes in bilingual and multilingual contexts, both in compulsory, vocational, formal and non-formal education and in the business sector.
- To train English teachers who have theoretical and practical knowledge and appropriate skills to promote the development of plurilingual and intercultural awareness among their students.
- To train English specialists who have theoretical, practical and interdisciplinary knowledge about educational research models and methodologies in the field of acquisition, teaching and learning of (first, second and foreign) languages in different contexts and at different educational levels.
- To train professionals who can efficiently work in multilingual, multicultural and interdisciplinary professional and/or academic contexts.
- To train professionals who are able to efficiently use the English language and academic skills in English, both orally and in writing, for academic and professional purposes.

Naoko Ishibashi
Master's Degree Student

"This course offers cultural diversity, delves into various fields for enriched perspectives, and encourages stepping out of comfort zones for transformative learning."
